PROFESSIONAL SUMMARY

I am an enthusiastic and dedicated graduated student currently with strong academic achievement in University of Engineering and Technology. I have strong interest in Computer Science, especially Machine Learning application for Health and Social care. I also have essential ability to implement the algorithm with different program languages and desire to quality interactions with team members across projects. My goal is to gain further degree in developed country to expand my professional skills and experience. I am intellectually curious, enjoy challenges and highly motivated to make a positive contribution to society.

SKILLS

Administrative Tools: Gmail, Google Drive, OneDrive

Program languages: C/C++, Python

Microsoft Office Tools: Word, Excel, Powerpoint

Basic Adobe Tools: Adobe Illustrator, Photoshop

Analytical Tools: PowerBI, Microsoft Azure

EDUCATION

📖 MASTER OF COMPUTER SCIENCE

University of Engineering and Technology – Vietnam National University Hanoi

(09/2022 – 01/2025)

- Major in Computer Science
- GPA: 3.67/4.0

📖 BACHELOR OF ELECTRONICS AND TELECOMMUNICATIONS

University of Engineering and Technology – Vietnam National University Hanoi

(09/2018 – 06/2022)

- Major in Computer Engineering (Advanced Program)
- GPA: 3.69/4.0

CERTIFICATES

- B2 English
- IELTS 7.0

LANGUAGES

- Vietnamese: Native
- English: Professional Proficiency
- Chinese: Elementary

ACADEMIC ACHIEVEMENTS

Prizes and Honours

- **2019 - 2022:** Excellent Student Award by University of Technology and Engineering, Vietnam National University Hanoi.
- **01/2021:** Golden Star Award for outstanding academic and work voluteer by Hanoi Student Associations.
- **04/2022:** 2021 AmCham Schorlars Winner by the American Chamber of Commerce in Vietnam

Merit-based Scholarships

- **2019 - 2022:** Merit Scholarships awarded by University of Engineering and Technology, Vietnam National University Hanoi
- **2022:** Distinction Student Award, Class of 2018.

Publications

- **Author: Tran, Thanh Huong**, et al. “Comparison of Machine Learning Algorithms for Induction Motor Rotor Single Fault Diagnosis using Stator Current Signal.” *International Journal of Advanced Trends in Computer Science and Engineering* 10.3 (2021): 1509-1514. **(Q4-ranked journal)**
- **Author: Thanh-Huong Tran**, Phuong Anh Nguyen, Anh Ngoc Le, Minh Trien Pham. “Optimal CNN Model for Obstructive Sleep Apnea Detection using Particle Swarm Optimization Authors”. *Engineering, Technology & Applied Science Research* 15.1 (2025): 19553-19560. **(Q2-ranked journal)**
- **Conference Publication: Thanh-Huong Tran**, Nguyen Xuan Thang, Minh-Trien Pham. “A Low-cost Sleeping Mask of Early Screening OSA Support System based on Edge Computing in Smart Home” **(Conference Presentation, International Conference on Engineering Mechanics and Automation, 11 November 2023)**
- **Conference Publication: Thanh-Huong Tran**, Ha Le Thanh, Trung-Nghia Phung, and Minh Trien Pham. “OSA Detection using DWT-CNN with Snoring Sounds” **(Conference Presentation, International Conference on Advances in Information and Communication Technology, 16 November 2024)**
- **Utility Solution Patents: Trien Minh Pham, Tran Thanh Huong**. A smart system for detect snoring conditions and sleeping positions. National Office of Intellectual Property of Vietnam, 2022.
- **Co-Author: Hoang Vu Nguyen, Ngoc Bich Dao, Thanh Huong Tran, Minh Trien Pham**. “Using deep learning model to predict micronutrients in food after processing” *Vietnam Journal of Science and Technology version B* 66.6 (2024).

PROFESSIONAL EXPERIENCES

University of Engineering and Technology – RIS Lab

Research Assistant, Teaching Assistant (09/2019 – Present)

Main duties

- Coordinated with team members to establish scientific paper
- Conducted data analysing via extracting features and classifying the calculation data of not also the electrical devices but other creatures (human, plants, animals, etc.)
- Experienced writing skills, exactly science journal writing skills

Achievements

- Experienced all steps of a study of machine learning problems in electronics fields.
- Gained more knowledge about data science, and machine learning application through various topic.
- Have an international publication, a conference presentation, an accepted domestic publication.

CONFERENCES

Conferences

- **11/2022:** The 13th Asian-Pacific Federation for Information Technology in Agriculture (APFITA 2022) (Organizing Volunteer)
- **11/2023:** The 7th International Conference on Engineering Mechanics and Automation (ICEMA 2023) (Presenter)
- **11/2024:** The 3rd International Conference on Advances in Information and Communication Technology (ICTA2024)(Presenter)
